Now it's your time. Your turn.
Your health.

Many people involved in the criminal justice system don't have health insurance and have a hard time getting to a doctor, therapist or dentist when needed.

Today, there are **NEW** opportunities in Colorado for justice involved people to get health insurance through Medicaid. Medicaid is now available to lower income adults, *even if you don't have children or they aren't living with you.*

You deserve to be healthy and to be able to get care when you need it.

WHAT IS MEDICAID?

Medicaid is a health insurance program for people with lower incomes that helps cover health care services.

SERVICES COVERED

- doctor visits
- medical tests
- medications
- dental care
- alcohol & drug treatment
- therapy
- vision care

Some of these services may require you to pay a small amount.

AM I ELIGIBLE?
